Price:

**6000.00 \$**

Former Alaska State Trooper vehicle. Runs great with no engine problems. Full disclosure, needs a new exhaust pipe as seen in the 6th picture. There's also a kink in the filler neck that needs fixed, and the driver side door handle is cracked (cheap plastic Ford parts). But no serious problems. Good traction tires, spare tire in the bed. Shocks and fuel tank straps replaced within the last 2 years. Only 93,000 miles, running boards, nice LED headlights + working lightbar. Newer bluetooth stereo and the heating/cooling is excellent. Comes with chains (never used), jump cable, and wrench/portable jack for tire change if you want. Very useful for the right person who's a little handy, just haven't had the tools or space to fix it myself since I got to the city. Willing to deliver to anywhere in Ulster County for the right buyer.
